

Don't fail to see Walden, the Great Magician

At the College, Thursday night, January 26.

Baxter Seminary

Baxter Seminary began its first term two weeks ago, and made a very good start as the following statement from President S. E. Ryan shows:

The Seminary has started off very encouragingly. We had 30 enroll in the Seminary proper the first week. Commencing in the middle of the school year when many of those who are attending had gotten in elsewhere, I think that is very encouraging. About half of them are from out of town. There are others who will enter next week.

It Sounded Dangerous.

Thomas Gaffney, Democrat, and William Mulligan, Republican, were disputing in a New York barroom before the municipal election over the merits of Judge Gaynor. Gaffney had made an oratorical detour for the purpose of paying tribute to the memory of Patrick H. McCarren and had just come back to the main issue. "Anyway," he declared and thumped the bar. "Gaynor will be elected the next mayor of New York."

"He won't," replied Mulligan. "He's as good as out of the race now. There's too much ego in his cosmos."

Gaffney solemnly set down his glass. "Has he been told?" he asked.

"Sure," said Mulligan.

"I'm sorry to hear that," replied Gaffney. "but if he'll take my advice he'll not go on the operating table. He'll stay away from the doctors and take his chances of living to fill out his term."

Courage.

Oh, fear not in a world like this
And thou shalt know ere long—
Know how sublime a thing it is
To suffer and be strong!

And thou, too, whoso'er thou art,
That readest this brief psalm,
As one by one thy hopes depart
Be resolute and calm.

—Longfellow.

Found Him.

"Mark Twain," says a New York magazine editor, "liked to tell as an illustration of persistence and push a story about a Sheepshead Bay race. He said that at the end of an important race a young man shouted so savagely 'Hats off—hats off there!' that every one in hearing distance obeyed him and stood bareheaded. A moment later the young man hastened toward an elderly gentleman, shouting as he ran: 'You can put on your hats again now! It's all right!'"

"Some one asked him later on why he had made all the people take their hats off."

"Why," he replied, "I'd bet fifty with a baldheaded man, and I had to find him, hadn't I?"
